

Harvest Connexion Internship Program Stipulations

The Harvest Connexion Internship Program is designed to equip and empower you to build a stronger spiritual foundation and greater work ethic. The Connexion internship is for hard working, motivated, and driven young people who are prepared to accept valuable experience while remaining actively engaged in their spiritual formation.

This internship is a commitment for the summer of 2023. The end date for this internship will be prior to the 2023-2024 school year.

We are looking for interns between the ages of 16-22 years old.

Connexion has, up to, three paid intern positions and, up to, three unpaid intern positions available. We may, or may not, fill all of the positions.

As a Connexion intern you will take part in a Spiritual Formation process that includes a personal weekly meeting, an intern group weekly meeting, and a weekly course on Christian Ethics. For the Christian Ethics course you will be required to read, engage in group discussion, and turn in reports weekly.

Intern applicants that are not chosen for the summer 2023 internship are welcome to take part in the weekly Christian Ethics course.

The Connexion intern program is focused on developing people between the ages of 16-22 years old. An applicant must demonstrate the responsibility, excellence, and ownership that a church internship demands. To be accepted, an applicant must:
